

FORMIT SPECIALITY PRODUCTS

FORMIT TRAILER MOUNTED PORTABLE TOILETS

For applications where a single unit is required to quickly and easily be transported from site to site. All Formit portable toilets can be trailer mounted.

FORMIT SEWER CONNECT PORTABLE TOILETS

Together with plumbing accessories these portable toilets are highly practical on building sites where they can be connected to the mains water supply and sewer, avoiding the need for a separate waste tank that will need to be pumped out.

FORMIT SHOWER INTERNAL >

We can supply a traditional fibreglass cabinet or a fully enclosed shower is available in a durable, portable, toilet style cabinet.

< FORMIT MFT3 FIBREGLASS INTERNAL

Formit 'Compact' portable toilets are used in remote site offices where there is no sewer connection available. Users are able to have full hand wash facilities.
