

POLYJOHN WE'LL CARE

SPECIAL NEEDS ADA COMPLIANT PORTABLE TOILET

THE POLYJOHN WE'LL CARE
SPECIAL NEEDS PORTABLE
TOILET FEATURES A GROUND
LEVEL FLOOR FOR RAMP
FREE ACCESS.

With a strong stainless steel grab rail surrounding the interior, no other unit is stronger, or provides more space and convenience for wheelchair customers.

The We'll Care Special Needs Portable Toilet also complies with the American Disabled Act (ADA) as it allows the wheelchair to turn 360 degrees and allows room for a standing caregiver's assistance. Self closing doors provide complete independence for wheelchair users. There are six lifting lugs for easy mobility and transport.

The We'll Care Special Needs has a recirculating Flush System (plastic) – 189 L waste capacity (no hand wash facility). A Formit low profile handwash facility can be added if required.

POLYJOHN MEN'S ROOM

MEN'S ROOM URINAL

THE POLYJOHN MEN'S ROOM IS A HEXAGON SHAPED RESTROOM CONTAINING FIVE, SINGLE USER WALL MOUNTED URINALS

The Polyjohn Men's Room uses a similar structure as the We'll Care Special Needs portable toilet. The lightweight plastic holding tanks for each urinal are located outside the unit allowing for easy servicing even while the unit is being used.

With five people using the Men's Room there is still plenty of room inside. The Men's Room can be easily positioned by either lifting lugs or by hand. Like all of the Polyjohn portable toilet range - the UV stabilised Polyethylene walls and roof will give years of service.

Construction is uncomplicated yet sturdy and individual wall can be replaced if damaged or vandalised.
